ISO/IEC 42001

Certification Journey with CBQA Global

ISO/IEC 42001 is the world's first international standard for Artificial Intelligence Management Systems (AIMS).

It helps organizations of all sizes to responsibly govern, deploy, and monitor AI technologies—ensuring ethical use, regulatory compliance, and continual improvement in the fast-evolving field of artificial intelligence.

Demonstrates responsible and ethical AI use
 Show commitment to trustworthy, fair, and transparent AI for customers, partners, and regulators.

Reduces risks and builds stakeholder trust
 Minimize AI-related operational, security, legal, and reputational risks.

Benefits of being certified in ISO/IEC 42001

Ensures compliance with laws and regulations
 Align with global and local AI governance requirements.

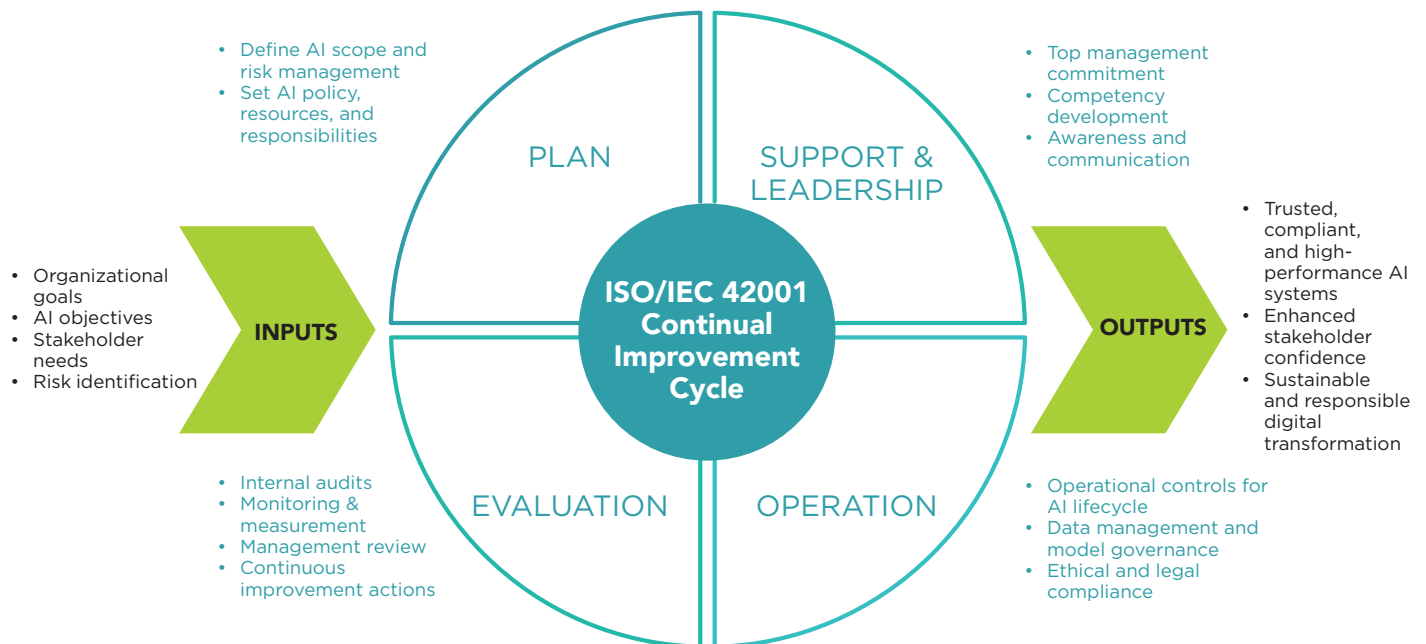

Facilitates continual improvement and innovation
 Systematically monitor, assess, and enhance your AI systems' performance and safety.

Gives a competitive advantage
 Differentiate your organization in the digital economy and attract new opportunities.
