

Sertifikasi Pengurangan Emisi Indonesia (SPEI) Validation & Verification

CBQA Global is accredited by Komite Akreditasi Nasional (KAN) to provide validation and verification services within its approved accreditation scope, giving customers confidence in the credibility, impartiality, and technical competence of our assessment services.

Organizations implementing greenhouse gas mitigation actions need independent validation and verification to demonstrate credibility, transparency, and compliance with the SPEI framework.

CBQA Global is accredited by Komite Akreditasi Nasional (KAN) to perform validation and verification services within its approved accreditation scope. Through our competent technical team and impartial assessment process, we support organizations in validating DRAM (Dokumen Rencana Aksi Mitigasi) and verifying LCAM (Laporan Capaian Aksi Mitigasi) in accordance with applicable SPEI requirements.

OUR SERVICES

Validation of DRAM (Dokumen Rencana Aksi Mitigasi):

Independent validation of the mitigation action plan before implementation to ensure conformity with applicable SPEI requirements.

Verification of LCAM (Laporan Capaian Aksi Mitigasi):

Independent verification of mitigation achievements and reported greenhouse gas emission reductions based on objective evidence.

Independent Technical Review:

Independent technical review prior to issuance of the validation or verification.

Validation / Verification Opinion:

Issuance of an independent validation or verification opinion.

RELATED SERVICES

CBQA Global also provides PTBAE-PU Validation & Verification as a separate service offering.
